Abandonment Exemption – in Northampton County, PA, embracing STB  
Docket No. AB-290 (Sub-No. 245X), Norfolk Southern Railway Company  
– Discontinuance of Service Exemption – in Northampton County, PA,  
– Request for Removal of Section 106 Condition

Dear Mr. Williams:

In a decision served March 10, 2004 in the captioned matters, the Board imposed seven environmental or historic preservation process conditions, including the retention of NSR's its interest in and taking no steps to alter the historic integrity of all sites and structures on the right-of-way that are 50 years old or older until completion of the section 106 process of the National Historic Preservation Act. In view of the attached letter from the Pennsylvania State Historic Preservation Officer advising that the line between Hellertown, PA and Bethlehem, PA that is proposed for abandonment in this matter is not subject to listing on the National Register of Historic Places, NSR requests that the Section 106 historic preservation process condition imposed in the decision served March 10, 2004 in these dockets be removed.

Very truly yours,

  
James R. Paschall

Dear Mr. Paschall:

The Bureau for Historic Preservation (the State Historic Preservation Office) has reviewed the above named project in accordance with Section 106 of the National Historic Preservation Act of 1966, as amended in 1980 and 1992, and the regulations (36 CFR Part 800) of the Advisory Council on Historic Preservation as revised in 1999. These requirements include consideration of the project's potential effect upon both historic and archaeological resources.

Thank you for supplying the additional historical documentation we requested. We concur with finding of the agency that the following property is not eligible for the National Register of Historic Places: North Pennsylvania Railroad, Hellertown to Bethlehem, Northampton County, Pennsylvania. We concur that no archaeological investigations are necessary in this project area.
